

THE BOSS 4098 Structural CBRN Boot

***AirBoss-Defense CBRN Fire Boot NEW Ultimate Fit ...
Leather boot comfort in a CBRN rubber boot!***

New Fit – The foot form (last) used to build these boots has been optimised for exceptional comfort and fit.
Lightweight – Up to 20% lighter than standard rubber fire boots, the Ultimate Fit of "The Boss" boot provides excellent protection in a compact design.

Chemical Protection – 24 hours against chemical warfare agents.

Biological Protection – Impermeable to all biological agents.

Decontamination – This product can be decontaminated unless it is used under NFPA 1994-2007 which stipulates a single use.

Height – 15"1/2 at front, 14" at back.

Outer Shell – Multi layers of Butyl & Natural Rubber offering Flame, Heat and Chemical Warfare Agents Resistance.

Midsole – Insulating coated felt.

Insulation – Open cell foam.

Leg Lining – Kevlar/Nomex fireproof and tear resistant.

Toe Lining – Net lining calendared rubber coating.

Removable Insole – Breathoprene, removable moulded polyurethane insole, for breathability, great compression set and shock absorption.

Tibia Protector – Partial tibia protector.

Steel Toe and Steel Plate – CSA – Z195-2002 for Protective Footwear.

Steel Shank – Double ridge steel.

Electrical Shock – Meets or exceeds standards listed above.

Outsole – 1 piece moulded "Tractor" design for excellent adherence and durability.

Colour – Black.
