

BATTERY POWERED HYDRAULIC RESCUE SYSTEMS

MODEL: BC-250 - The well-designed control switches allow easy operation in difficult conditions, while you keep both hands on the tool. BC-250 Combi-Tool opens and closes effortlessly using hydraulic operation. Made from special alloy steel and using our hydraulic pump, this portable Combi Tool is lightweight (13.5kg). Yet it generates tonnes of power cutting and spreading up to 250mm. Ideal for collapsed rescue, automobile extrication, EMS rescue, remote rescue, aerial rescue and forcible entry.

Specifications: Battery powered 18v, hydraulic operation, no set up time, no gasoline, no trailing hoses/cables and has real portability.

MODEL: HRS-92 - The metal head cutter (HRS-922) is able to cut roof pillars, roofs, doors, steering wheels as well as angle, pipe and sheet metal. The spreader head (HRS-924) has jaws with very narrow tips that can be inserted into very small gaps.

MODEL: HRS-923 - The rod cutter head is able to cut 16mm rebar, as well as pedal Stays, 6mm flat bar and chains.

MODEL: HRS-921 - Pump unit
Battery Operated hydraulic pump. Weight only 4kg
