

DRY BOX

U N D E R W A T E R U K K I N E T I C S

309 DRY BOX – Economical, waterproof box for protecting tools, first aid kits, personal items and delicate items.

Size: 9L x 7.9W x 3.5D inches

Complete with a strong moulded in handle, tough ABS and stainless steel corrosion-proof construction, eliminates ozone damage to stored documents and will keep odors in.

409 DRY BOX – Superior waterproof container for protecting water sensitive items. Gray tinted transparent lid permits viewing the contents without breaking the seal.

Size: 9.4L x 7.2W x 4.1D inches

Corrosion proof ABS polycarbonate plastic and stainless steel components give strength and durability, woven black nylon carry strap included.

609 DRY BOX – With all the same fantastic qualities of the 409, this dry box is ideal for your photo equipment, delicate items and personal belongings.

Size: 9.4L x 7.2W x 6.2D inches

Also available with a transparent lid, this dry case has a silicon rubber seal that will keep out salt water and ozone as well as retaining odors from biological specimens and sea shells.

Black or Blue available.

DRY BOXES WITH PANEL RINGS – The ring is solvent welded in place 0.5 inches below the rim of the case. Brass threaded inserts are embedded in the ring for rigid attachment of an instrument panel. A foamed neoprene O-Ring seals the panel to the ring.

Available in the 309, 409 and 609 cases in Black.
