

Easi-On/Off Torch Clip Base Fitting Instructions

PACKET CONTENT

1. Easi-On/Off Base
2. 3 x Rivets – fitted with hand pressure
3. 3 x Washers
4. Drill bit 5.2mm
5. Torch holder Mk2

1. Locate Easi on/off base on side of helmet (see typical pictures) make sure base is located with torch slot facing upwards, check clearance from visor and other fittings. (Ideal alignment is parallel to helmet centreline or slightly inwards).
2. Drill one hole and secure with rivet and washer on inside (remove liner if fitted to avoid damage).
3. Drill remaining two holes, fit rivets and washers.
4. Drill mask available to purchase if required.

Note: The Mk2 torch holder has a new “foot” that fits snugly in the base and rotates with ratchet-like action – NZ Patent Application #539588.
