

Manual Reel

Hand Rewind

Q

UIK CORP, the company who **first** introduced "remote controlled *retractable* powered hose reels" to the Fire Fighting world, proudly present the new range of innovative QUIK REEL™ upgradeable hose reels to suit every facet of the fire fighting industry.

Quik Reel Manual is a high quality hose reel that provides the user with an easy and user-friendly rewind for all situations. The reel is manufactured to industry standards and includes all necessary features to ensure problem free use. Reels are available in either Powder coated steel or Aluminium in any choice of colour to suit your vehicle.

As with all reels in this series, the reel is easily upgraded to a powered option if necessary.

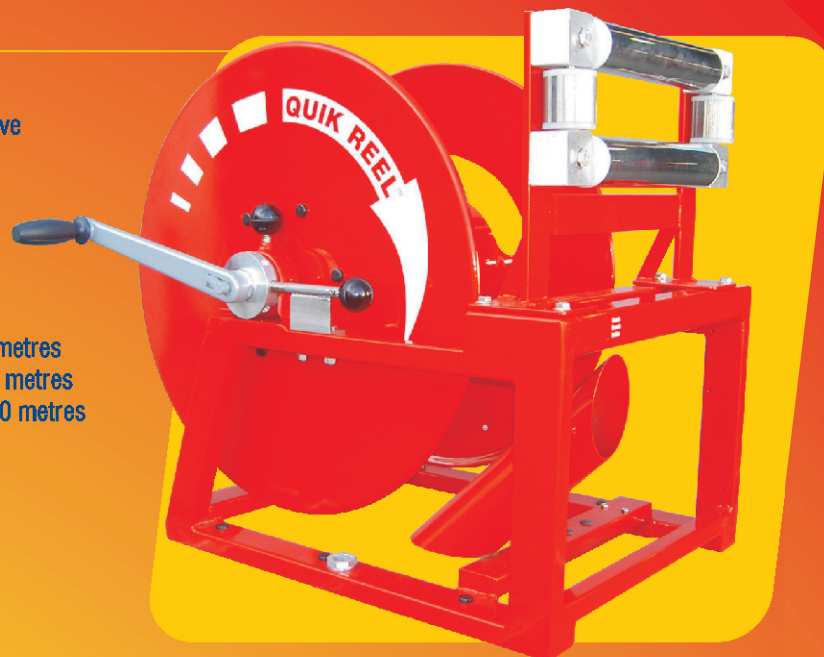

All of the above ensures you will always have the best hose reel solution for your fire fighting needs.
